

AYFL News – April 2009

Registration Open

Football and Cheer registration is now open for the 2009 season. The board anticipates another large turnout; however, further expansion is very limited for 2009 - please register early. Make sure to read "Things to Know" before registering. New flex payment options are available this season to spread the fees across the spring and summer.

Make note of the player evaluation dates and plan accordingly. All new players to A thru C tackle divisions will have to attend one league wide EVAL session. Instructions on registering for these EVAL sessions are forthcoming. Players returning to the same team will not have to attend a league wide EVAL; instead, each team will host a team EVAL in July. Continue to monitor the website for more details.
